

To whom so ever it may concern

Recognizing the talent is the great way to fill motivation in individuals and create role models. India needs such role models, innovations and startups. Model Entrepreneurs especially are those who come from rural background in the eco system. For which MLR Institute of Technology supports "E-SUMMIT" to create a platform for young Entrepreneurs to resolve the slogans of Make in India/Stand Up India/ Skill Development/ Startup India given by the Hon'ble Prime Minister Of India.

The E-SUMMIT will be conducted from August 23rd -24th, 2017 at MLR Institute of Technology. The Boot Camps for this grand finale would be conducted in various colleges situated in Medchal.

On behalf of MLR Institute of Technology we invite schools, colleges, working professionals, Research Institutes, early stage startups, entrepreneurs and Domain experts to participate in this global event. We hope that Hyderabad has an impressive participation both in terms of quality and quantity to create a mark on the global map with this event.

We wish all the participants good luck.
